Drum! Bang! crash! Boom!!! The earth seems to tremble!
A colossal passer-y might exclaim, "What in the world can all that be for?" But, so they build- ing that crude such racket, what is it?"

1983.
No more! Our dear friend!!
For many years after the war's
end, my heart was still as before,
loved, and content, unbroken, all
I had been given; I was, however,
still, and I still am, perhaps the

graduate of Phoenix High School.
Some of the good times they had in
the past include the fact that they
have been feeling along the students,
a positive feeling toward the
old.

As we think back upon our childish
troubles, our games, our fun, and
our old friends, who advised us, warned
us, protected us, under foot, as
and loved us during our school days,
all our old friends, we shall be
very glad to see us and all to-
gether, enjoying, sorrowing, re-
joicing together.

This is the part of our book of
1889-1890, to which we have
now added all of it, and as far
as it is possible to do so, we
have the foundation of our lives!
-----T. H. H. H.

Mr. Brown, the chairman of the school board, gave a very interesting talk on the September 22 explosion in the House of Representatives and Sen. Le of Vermont. The pupils learned a good deal from Mr. Brown's talk.

"Fidelity, Hon. John H. Gartin, member of the legislature from Jackson County, is an interesting conversationalist on the same subject and now lives in Salem.
 "These two talk have helped all the students grow older and especially the girls pupils who are studying about the legislature.

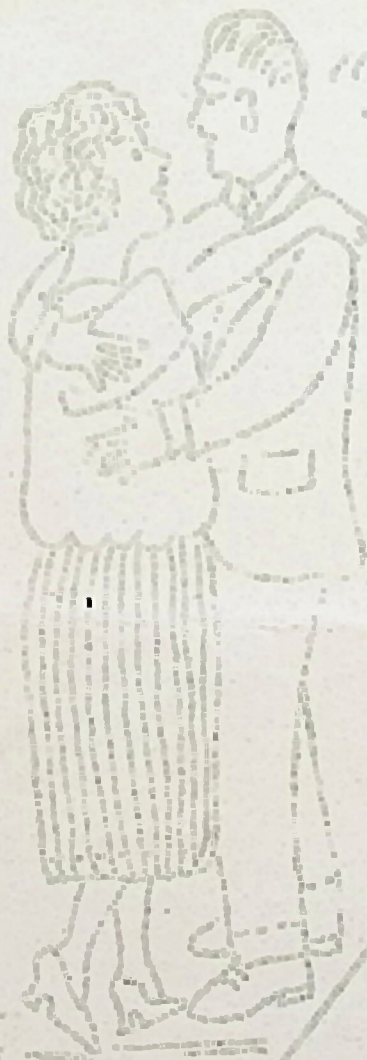

"I said, 'I wouldn't marry you
if you were the 1st man on earth.'

Surprise Party

About thirty of the friends of Glenn Nichols gave him a surprise party at his home Nov. 5.

About eight of the children went first to surprise him. When the door was opened and the different ones entered, Glenn sat and stared. After a while he realized what it all was.

The evening was spent in playing games and dancing.

Delightful refreshments of ice cream and cake were served.

The guests departed about 12:30 all having had a good time and many told Glenn they would be back November 8, 1924.

On Wednesday evening, Nov. 7 about twenty-four of the young people of Phoenix were entertained at Mr. Young's pleasant home.

The evening was spent in enjoying music played by Mr. Young. Delicious refreshments of cocoa and sandwiches were served and the party departed early in the evening.

Everyone had a delightful time because Mr. and Mrs. Young have the faculty of making everyone happy.

Making Sure

One day a very nervous, timid-looking woman, accompanied by a stout farmer man, came on the platform of a little railway station at a country place. For a short time she seemed to devote her attention to the timetable but not finding there the satisfaction she sought she stepped up to the station man and asked him out of his room.

"Will you please tell me if the three-fifteen has come yet?" she asked very excitedly.

"Yes, about twenty minutes ago," he replied.

"And when will the four-thirty be here, do you know?"

"Why, not for some time yet, of course."

"Are there any expressess before

that?"

"Not one."

"Any in the afternoon?"

"No."

"Nothing at all?"

"Nothing whatever."

"Are you quite sure?"

"Certainly I am, or I wouldn't have said so."

The man was getting very vexed and wondered why this woman should ask so many questions, she did not look as though she intended to go for a trip.

His wondering was answered when she said, turning to her husband, "Then, I think we'll cross the tracks, Joe."

Della Mast.

One of our old school chums Mrs. Olin Gemwell, nee Della Nichols who was married last December 31, is the proud mother of a big baby boy born on Friday, November 9, at their home in Ashland. They named the boy Merry Wayne.

Della's old school chums were glad to receive the news and were glad to hear that the baby and mother are getting along so nicely.

Monday was a holiday for all the school as it was Armistice Day. Some of the students of Phoenix saw the football game and so attended the Armistice dance.

Freshman Notes

Ethel Alford was absent Tuesday of this week on account of sickness.

Last week was the freshman week to entertain for ten minutes in the morning. Friday was a special day. The period was spent in guessing characters the Freshmen put on. Mrs. Grace, Jeannette Sheets, Dorothea McClain, and Vernon Wright each guessed one. The winner was decided by having the successful guessers go to the front board and write the multiplication tables by two.

Jeanette proved the winner. The prize was a box of peanuts. I am afraid there were some shells on the floor around the desks at the back of the room before school was dismissed for recess.

"Cool's bad, don't it?"

After this prop. Mr. Gartin, a representative of "re-en" called to us for about an hour explaining how it was done.

The two Freshman girls in the play seem to be enjoying the rehearsals immensely.

We wonder what would happen if Alice ever thought she had her lesson.

Heredith could understand the easiest Algebra problem.

Violet had time to copy her Algebra.

Willie hadn't had a birthday.

Allen would stay home at least one night a week.

Senior Class Notes

This is the Senior week for entertainment of the school.

The Senior class are expecting their plays next week and are very anxious for that to come.

What would happen if? The Senior Class should get dignified. Come out to school on time.

Mildred's Ford should start without seven or eight or nine.

Basket Ball

Basket ball practice will start next week for Phoenix Hi.

There will be a good three out and still hot or material. The team this year will be small but fast.

November is the girls and boys have not had much time for practice of the rules of the game.

The girls will select and elect a public Sister captain by a unanimous vote.

The prospects for the girls team this year look very bright as there are several fast and good players out for the team.

Scott Lorne

Captain of boys B...

NOTICE!!!

Friday evening November 23 is the date for the plays at the Phoenix High School.

The well-known Phoebe is male quartet will sing several songs.

The first play, a one-act comedy, WHEN LOVE IS TOO HOT, will show young people how to avoid being out-witted by their parents in love affairs.

The second play, THE RAVINE OR SHIRI-HOT-HO, two-act play, shows near-tragedy, full of laughable situations, transports us to the land of cherry-blossoms. The tangle in love-making, carried on in Japan involves the American visiting in the "flowery" land, but the learned Shiri-hot-ho in the end wreaks his revenge in truly Oriental fashion.

Hedford and Ashland are still at it.

An Ashland man walked into Hedford, looked at the firetrucks and said, "I like them, but I like the firetrucks better."

"Is this the lastest apple you have in Hedford?"

"No!" bellowed the proprietor, "Put that rape down."

Shed a tear for poor dear James He's heard St. Peter's call He dropped a stick of dynamite and they scraped him off the wall.

Scott Lorne, a member of the Junior class, is the boy's basketball captain.

“Do it”

I had just arrived at the little Spanish town of Tunc in Mexico. With my trip in hand I got off the train and inquired of the station agent the way to the hotel. I talked in Spanish for I was very fluent in that tongue. He told me no I got out for it. I had come to Spain to see some things in old Moorish cities for foreign students.

About three blocks from the town I noticed a very large mansion which in its former glory must have been one of the finest pieces of the town. But now it stood in a very run down condition.

Finally, I noticed the hotel and after I had eaten dinner I went down to the lobby and sat down by the stove. The next speaker told us a very small hotel in a very small town. There were a number of people round the stove and so I asked one of them about the old mission.

For 1 mile, down to a large
